In only a few of the States have instructions been given, and it is not possible to reach any very definite conclusion from the facts given. It will be seen, however, that Tilden has a lecided lead in the start, in instructed ielegations, while several States send unnstructed delegates whose preference is or the sage. It is also noticed that in Vernont, New Hampshire, Rhode Island, New Jersey, Massachusetts, and quite a umber of other States where 'Mr. Tilden found to be "the most available man." his leaves a wide range for possible changes and would seem to carry the in-ference that he will probably not be found "the most available man." This delegation, which was appointed June 0, is reported to be solid for Judge ield with the exception of one for Til-den and one for Bayard. It is instructed to adhere to the two-thirds rule. ILLINOIS.
